RECEIVED

Last October was my first time running as a candidate for Councilman-at-Large in St. Charles Parish. I am 75 years old and not too sharp working on the computer.

In my heart I thought that I had done everything I was suppose to do concerning the election and following the rules of the Louisiana Ethics Board.

I call the board numerous to get help from agents to assist me in doing the right thing and someone told me that everything was taken care of and it was over.

I am pleading and asking for a waiver of the late fees because I tried to do the right thing. I did not receive any campaign donations for my campaign expenses were minimal.

Thank you for helping me in this matter

Earl St Cyr
