Re: Ethics Board Docket No. 2020-586

Dear Mr. Thibodeaux;

I was employed by St. Charles Parish as an Assistant Director of Wastewater. My duties were to run the Wastewater Department for the parish.

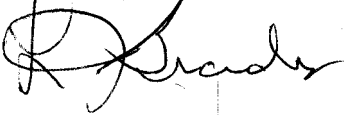

My last day of employment with the parish was July 18, 2020.

The contractor that I would be working for is BLD Services and I would be doing consulting work for them. It is possible that I could be doing work on parish projects that I did work on while with the parish.

There is also an engineering firm, Meyers Engineering, that has asked if I would do some consulting work for them. This likewise could be work for the parish.

In both instances I would not be paid by the parish. I have a letter from the Parochial Employees Retirement System stating that as long as I am not being paid by the parish that I could work for anyone. I just wanted a ruling from the Ethics Board on this matter.

Sincerely yours,
